# **SCHEME OF ASSISTANCE TO DISABLED PERSONS FOR PURCHASE/FITTING OF AIDS/APPLIANCES (ADIP SCHEME)**

## **1.0 INTRODUCTION**

Provision of suitable aids and assistive devices is one of the first steps in the process of rehabilitation of Persons with Disabilities (PwDs). It has been the constant endeavour of the Government to provide PwDs with aids and assistive devices, which are essential for their overall rehabilitation and empowerment. As per Census, 2011 there are 2.68 crore PwDs in the country. In addition, a large number of children below 14 years of age suffer from delayed development. Many of them suffer from intellectual disabilities and cerebral palsy and require aids/appliances to attain the capacity for self-care and independent living. With the application of modern technology, a number of aids have emerged which can reduce the effects of disabilities and enhance the overall potential of the PwDs. However, a large proportion of PwDs are from the low income group and are deprived of the benefits of these appliances because of their inability to garner funds to acquire these and consequently live a dignified life.

**1.01.** In the light of the Government's commitment for enabling and empowering PwDs, it has been decided to continue the scheme in a modified form by enhancing the quantum of assistance, cost, ceiling of aids and assistive devices and family income ceiling taking into consideration the cost escalation during the period these monetary limits have not been revised.
